

How to invade for God by Pastor Shaun Blignaut 24 August 2008

I want us to talk a little bit about governmental prayer, Babylon, Zion, the Mountain Church and Kingdom business. There is a whole lot of things I would like to touch on this morning. Each one of these things can become messages on their own. How do we bring this invasion about within the domains of man? How do we invade for God? We can't stand on some lonely hill and shout "Reformation" but we never engage the valleys of men. We never come down from the mountain to become actively engaging in the process unfolding in the earth.

So after we've proclaimed it, there needs to be a building of structure to take it manifestly over. I'm not saying we are going to physically take the entire earth over. But I'm of the opinion that you cannot become governmental until you are territorial. When I talk about territorial I mean you need to have some type of indication in the earth that you rule over something physically out from which you can govern the territory. The governmental view of the Kingdom is that, we need to govern over some territory in the earth from out of which we can make declarations for our God. We must stop seeing a city as a geographical area; we must start to understand that a city has got to do with jurisdiction.

If we can look from God's perspective, God doesn't just see geography, but God sees within that jurisdiction of a city called Port Elizabeth, he sees a whole lot of activity engaged within that jurisdiction. There's Moslem, Hindu, Christian, Born again, Economic & Political activities, and all these activities become spheres of influence within the jurisdiction. I want to lift your plain of understanding, so that when you look at your city or place where you live, you don't just see it as a physical domicile or address in the natural. You are living at a specific address. What does that translate to in the spirit? How is it that you can govern over your domain for God and live successfully in the place that God has given you?

Now the best piece of territory that God has given you is your physical address in the natural. That makes you territorial. You got some territory that you can legitimately start to speak from on behalf of God. So we are engaging in the realms over a certain jurisdiction where there are forces that are keeping the movement of God's purposes forward. So it issue forth in natural activities called drug trafficking, prostitution, we can look at a lot of other things within the jurisdiction that physically is seen with our eyes. But we must understand in the domain of the spirit that because we are kings, we must bring the ruler ship of God from that realm and enforces it upon places where we live.

Now I think that the church for a large portion has not been very governmental because we've all been fighting a war in our separate denominations. We've been fighting having a fractured attempt at the advance of God's will/Spirit. There was not a divine recognition of another man standing in the same jurisdiction. And have not recognized them because they might not be of my same colour, or they might be somebody that has only got a few people. So now we start to have entrenched mentalities that have been sent up over eons of time. That we have inherited from our forefathers by our cultural norms & ethical standards that have been entrenched into

our mindsets concerning how we look at another human or how we look at our jurisdiction.

Sometimes people in the church say "but that is not my problem, I don't care about what is happening in the city, as long as I serve God and go to church that's okay". I want to tell you that the moment you received Jesus Christ as you're Lord & Saviour, you got drafted into His army. And the Bible says that we must not get ourselves involved anymore in civilian affairs. But we must follow the orders of our Warrior King. So God has called us as warriors, fighters ones that must forcefully take possession of what are legally ours. The earth is the Lord's and the fullness thereof and everything that dwells therein.

Now there's a verse I want to show you out of Micah chapter 4, the bible talks about us bringing the ill-gotten gains of the systems of the earth and devote it to our King. How are we going to take the ill-gotten gains of the fallen corrupt system and make that compliant to the building of God's house? We've also heard this morning that the house of God must be built. Now every time the house of God is built, you attract the greatest warfare upon that epicentre of where building is taking place. Every time you build or set out to build there is going to be forces unleashed upon you. And the first spirit that will confront you will be the "mocking spirit". And that spirit mocks you concerning the finish, asking you if you have enough resources to finish what you have started.

Now Jesus comes in John 4:34 my food is TO DO the will of Him who sent me and to finish His work. In other words my preoccupation, my food, the thing that I eat that sustains my life in the Spirit, that thing that drives me internally, that operates seamlessly inside of my mind & my heart, MY FOOD is to DO THE WILL of Him who sent me. Not to pray the will, not to fast over the will but to EXECUTE the will, to bring physical reality into the will and to bring forth certain purposes to build it structurally that we can enforce it on the earth. Jesus didn't just preach the will; He actually ignited the will by becoming something. So we must build something to contain & bring the ill-gotten gains of the fallen religious orders & fallen economic systems of the world into the hands of our God to build the temple.

Now people say (this is a religious understanding), but the bible says "we must not be unequally yoked with unbelievers" that's true we must not be unequally yoked with unbelievers, that's fine. That means we must never step into covenant with unbelievers, but for the sake of temple building we need to build broad based alliances even with those that we consider to be the world. There's ample proof in scripture that every time that God built a place or outlet in which He wanted to be worshipped, that the ill-gotten gains of the fallen systems will build God's house. For 430 years they were locked up in Egypt as slaves. And the night when God brought them out, in one night the Egyptians became favourably disposed toward the Israelites, and they asked them for gold & silver and all that stuff, and in one night God back paid the Israelites for 430 years of wages, that Pharaoh never gave them. And God gave them in one night, in one night God negotiated them out of Egypt with the silver and gold in their pockets. And when they came into the wilderness God said "give me the silver & gold you took from the Egyptians to build my tabernacle.

Listen people say, but you see Pastor we can't take money from unbelievers. What is it you get every month from an unbeliever? You call it a salary and put it in the unbeliever's bank. Unbelievers invest your money as they see fit in their banks! Understand that the moment money passes out of the hands of what we call the world into your hands it becomes holy. Why? Because you are holy! Everything that you touch turns into a sanctified state before God. You don't need to pray over it, because it was already holy when it touches you because you are holy, because you are the temple. So when money comes into my hands from people that we consider to be the world, the moment it touches me I will use it for the extension of God's will. I will use the ill-gotten gains of the fallen system to build the structure of God.

You can go now into Solomon's temple; David received the plans from God to build this magnificent structure. Where did the money come from? David in his raids in his warfare against the Philistines & the nations around him will do warfare on the Philistines. And they will take spoil for war, and every time they'll win over a foreign people, he will take literal spoil & will enmasse it within his house. And the moment when the temple plans were ready, David called Solomon & said here are all the resources I brought by my campaigns in raiding the Philistines & the nations around. So where did the gold & stuff come from that the temple was made of? It was made from the Philistines' stuff. Does that make sense; I'm trying to paint a picture in your mind because we are so religious at times.

And then King David had alliances formed now listen; there's a difference between the word alliances & covenantal relationship. We only step into covenant with those that are washed in the blood. But we can build broad based alliances having in our minds an understanding, the reason why I align myself for a specific economic purpose. I'm not going to take your principles upon my life. I'm still like Daniel standing with my principles of the Kingdom erect in my heart. But for the purpose of raiding your money & your wealth to build something for God, I will align myself with you & I will bring that entrenched stuff & lay it at the apostle's feet to build the house of God. Now building the house of God is not just for the souls of man, because everything needs to be redeemed & reconciled back unto God. All fallen systems, every order in the earth must be reconciled back to our God. It must be done through the sons. All creation is waiting & groaning for the sons of God to be made manifest. What will the sons do? They will invade the earth take over what God has originally purposed for us to be. The earth is the Lord & the fullness thereof...

The first son of God was Adam. Adam was called the first son of God. Look into the account of Luke's genealogy. What was the first original Adamic covenant God made with Adam? "Let us make man in our image into our likeness & let them have dominion over the entire earth". Man was never supposed to take dominion over another. Man was never to control another. And the partnership that God gave Adam & Eve was not that Adam should have control over Eve but to stand equally before God in relationship & partnership for the dominion over the earth. God wanted the domain called the earth to come under the control of this man. It's the same principle. If a nation does not understand its prophetic purpose, that nation will go off track from what it was supposed to do in fulfilling God's original mandate. When it is no longer executing its prophetic task! Now still also the church has a prophetic task, that needs to be enacted that we need to understand.

I want to talk to you a little bit about that, let's go to Micah chapter 4 very quickly. Part of the original meaning of the word church is the whole issue of government & rule. When I talk about government I'm not talking about starting a political party. I'm talking about the church again taking ownership over the **KAIROSES** that God has given it, so that it can govern. God's eternal purpose is already finished in the mind of God, because when God looks at something He looks at it from the beginning and then sees the end from the beginning. And He gives it the beginning for it to work itself out to the expected end.

God does everything in the Spirit and then God gives the thing He wants to accomplish a beginning in the earth. But in the heavens it's accomplished already. But in the earth it must still be accomplished. So in God's mind the thing we are operating in the church today is already done in God, because the Son of God was slain in the mind of God before the foundation of the world. He needs to make it out in time on the cross in the domain of man. There are two time zones we must look at to understand. One is **Chronos** and this is where we get the chronology of time from, e.g. chronometer or watch. It measures time in seconds, minutes, hours, days, weeks, months, years, decades, centuries, millennium, that's chronology of time. We live on earth in chronology of time but God doesn't live in the chronology of time, God lives in eternity.

Now there's a part of us that is already connected to the eternity of time because the day when you got born again, "God put eternity in your heart" according to Ecclesiastes 3:11. Why so that God makes a division between two time zones that will govern in you. "You are connected in time to chronology but you are also connected outside of time to Kairos.

You are connected to another time zone in God but you are connected in time to another time zone in man. Now not everybody on earth is so connected, those that stands outside of Christ the unregenerate are not connected to Kairos because they have no understanding or awareness of the eternal time zone. They are only connected to one flat plain of time, i.e. time of the man in the earth. Have did you got that? I don't want you to miss anything. I want you to think the way God thinks because you are both a King and a Priest. Now as a King God connects you in the earth...listen carefully, a King operates in the domain of time i.e. in the domain of chronos, the chronology of time that's where God wants us to operate. As a priest, God connects you to the eternal time zone that is why when we come on a Sunday morning like this we have a right to access the heavens as priests. You cannot come to God as a king, you do not worship God as a king, you worship Him as a priest. Because there is only one king that needs to be worshipped and His name is Jesus. Have we got that?

I want to paint this picture in your mind that you don't ever come to God in your worship activity as a king that is why David disrobed himself when he would dance before the Lord. He would take off his kingly garment and then some say he was naked, he wasn't naked he was operating in the linen breaches. Now remember I taught you on the nine garments that a priest operates in. There is one called the linen breaches that are the undergarment that nobody can see. All of us are supposed to be clothed in the linen breach, that's the garment of salvation that God puts upon you first when you receive Christ. God puts upon you a white garment, washed in the blood of Jesus, purified for you in the blood. It's not physical clothing but it's clothing in the spirit. Now every priest that came to God in temple service had to have this linen breaches

on. If the priest did not wear the linen breaches nobody could see externally that he didn't wear it, because he alone knew whether he had it on or not. In other words it's a situation between you and God.

“You don't come to God without having the linen breaches on”, because you are standing naked and exposed before God in your flesh if you did not wear your linen breaches. Now when King David danced before God, he took his kingly robe off and it was interpreted as if he was naked because he made himself naked as a king & disrobed himself as a king and operated as a priest before God in worship. Priests alone can come in worship activity before God, you don't come in your kingly majesty because there's only one king that needs to worship. Now every believer is a king/priest in the order of Melchizedek. Now as a priest you are connected to the eternal time zone, as a king you are connected to men's time zone. As a priest you receive from God, the inherent patterns of how to invade the earth. As a king you actually build what you've seen, and you build it strategically in the earth to take over for God. The way that God takes over is by nullifying what men have built previously by making it obsolete. Now the obsolescence of something in the earth is directed by a king priest. God alone can make things obsolete, by kings/priests bringing in the “new” of God consistently. Every time God wants to count something obsolete, God must erect in the earth another priesthood that understands the dimensions of what God's mind is dictating.

Now listen, there are many of our brothers that operate from a place called obsolescence but they still exist. To count something obsolete it doesn't mean that it's taken away physically. I'm painting something, I want to get somewhere, but I need to first lay this foundation quickly. Remember there's chronology of time & there's a Kairos of time. Very quickly what is Kairos? We understand chronology of time. All of us are affected by chronos of time, all of us if we sit on that stage and we don't do anything, chronology of time will get you. You'll age all by yourself sitting on that stage. You don't need to do anything to age and you'll age by yourself, because you are subjected to the chronos of time. If you never move for 50 years sitting here your flesh will decay, your flesh will show it in your face and you will decay because chronology of time is having an effect upon you. Have we got that?

Now in Kairos of time God works out His eternal purpose in the earth in the chronology of men's time by invading it with what we call Kairosis. A Kairos is a time frame or a set time that God brings upon the chronology of men's time and it becomes a time that God says “I want everything in the earth to conform to what my Kairos dictates. It's set moments God declares a Kairos moment in the earth. Now the word Kairos simply means an opportune moment of time, it's a time frame that opens up the zone called heaven, so that things that are in the heaven can download itself upon the earth. Have we got that? So whenever God wants to do something in the earth, God open up a Kairos. This is how Ecclesiastes 3:1 puts it, “For every season there is a purpose”, there is a time to be born and a time to die. The word time there is a Hebrew word Et, but is the same word in the Greek for Kairos, it literally means in the Hebrew mind that God bringing forth a womb to birth something in the chronology of men's time. That is what the word means, Kairos is to bring forth a womb in the earth that will produce the purposes of God relevant to that season in the mind of God. Have you got that? So God doesn't just move in the earth, God moves by making open the heavens, bringing an open seasons, a season that is not

accounted for by natural time, but is a season in God that opens up an opportune moment. But that Kairos is constituted by successive activities that must take place within the Kairos in order for us to get out of one Kairos into the next. So a Kairos moment is constituted by certain events that must take place within the Kairos in order for us to manoeuvre out from one Kairos into the next. That is how the church is supposed to move in time with God from one Kairos moment to the next place.

Now when I talk about the government of God listen carefully; I'm not talking about physical governing in the palaces of man. I'm talking about a church taking a hold of the timing of God and making sure that the time of God is constituted right. That all the activities connected to the Kairos is actualised within the time frame in the mind of God and then the church comes out of one Kairos and move into another Kairos. I know that it might be difficult for some of us to understand but I want you to see how we govern. Now remember if you read the book of Daniel, one of the things that the little horn wants to do is to what? The little horn is persecuting the saints speaking pompous words against the Most High and His saints. And the next thing the bible says, he wants to change the set times and laws of God, what does the anti-Christ want to do? To change the set times and laws of God, not the chronology of time, but influence the Kairos of God. Now how does the devil do that? It is whenever God is about to do something new in the earth, which is not actually new because in God's mind it's done already. But in the time zone, let me put it this way, everything that God wants to do that is in the heavens must be done out from the launching pad of the earth. Does that make sense? As it is in heaven, so must it be in the earth. God wants us what? He even tells us how to pray, this is how you pray? Our Father who art in heaven, Hallowed be your name, Thy Kingdom come Thy will be done on earth as it exist in the heaven. What does God wants? He wants everything in the plain of eternity as it exists here. He wants it to be captured in the earth in the time zone called chronology. Now when God wants to open up a new Kairos, a new womb or a new time zone in the earth called Kairos, God must engage a principle anointing called "Prophets". Prophets are so positioned in God that they are connected to the heartbeat and the pulse of God. And they understand when God is manoeuvring into a new season and they start to trumpet forth a new season. They start to speak about the new season, and everywhere and every time before God comes on the scene God always erects the prophetic voice. God says "I will not do anything in the earth without revealing my secrets to my servants the prophets". So the prophets even precede the apostles in that sense. So the prophets come and they proclaim, in other words they trumpet and blast the sound in the chronology of time. But the blast that they bring is really the opening up of a Chronos of man by invading the chronos with a Kairos message. This is how God puts it I'm going to make it easier, in Haggai-Haggai comes to the people and talks first to the leadership, and he says to Zerubbabel, to Joshua and to the High priest, he tells them and says "The people say it is not the time to have the house of God built", the word time there is the same word Et, which means that you guys have got a misunderstanding concerning the Kairos of God, that is why the temple is laying in ruins". You are not activating the building process because you do not understand this is the opportune moment for it to be built. Now God engages the first anointing to come and re-enact the building process and God says "I'm speaking to my prophets and I'm coming to the church to tell them, you say it's not the time for my house to be built, but God says that this is the time to build the house, So the issue is about man not understanding the timing of God.

When we live in the zone on the earth called “chronology of time”, misunderstanding the Kairos of God and we will not interact the heavenly agenda to rebuild the house. Now we have heard consistently in this congregation that God is saying “this is the Kairos to have the house rebuilt”, why does God want the house to be rebuilt? Now we must ask the question what is the house that is being rebuilt? And why does God want the house to be rebuilt? What is the purpose of the rebuilt house? You see we must ask all these questions. Why must we build it in the right season? You see sometimes we can build something outside of its own time and is no longer beautiful; everything is made beautiful in its time. The word Et or Kairos mean that all the factors to make you succeed in what you do will be present in one moment, that in that season. You do not need to activate the prayer agenda of the previous season because God has opened up the heavens, because you are positioned right you do not need to ask God for it and God just rains it upon you. Now that is why I say to you I want to banish prayer meetings from the house. That does not mean we will not pray, it simply means that we need to position ourselves. I talk to you about the two doors at Greenacres shopping centre, when you walk towards the doors and step on the mat. What happens to the doors? They automatically open. Do you push them open? Do you pray them open? Do you fast them open? No you are positioned right. When you are positioned right the doors open. Everything to make you successful God rains upon you, if it’s finances God brings it, if it’s relationships to bring resources God brings it to you, you don’t need to ask God for it, or pray for it, nor fast until your belly button touches your back. You need to just position yourself right in the Kairos, and the heavens open and God rains it down. God says “this is my son in whom I’m well pleased; let him have all the stuff to finish the work”.

I’m giving you strategy; this is apostolic strategy. Apostles don’t waste time in which to finish the work, because there is no more time. When I say there is no more time I’m not talking about chronology I’m referring to Kairos is running out. The Kairos is coming to a close, and the church is asleep. In the time that the church must work to build the house, the church is asleep like in the book of Haggai. So God must re-enact the prophetic to come to the church and say, “listen this is not a time for you to be asleep, this is not a time for you to dwell in your own panel houses, it is the time for you to come out of your own houses and to build my house”. If you read the book of Haggai the bible specifically says to you which time of the year it was. It says to you in this month the 22nd day of that month the prophet came. Do you know what Haggai means? Haggai means peace. Haggai is the greatest type of the feast of tabernacles.

Every time the house must be built, we are living in the feast of tabernacles, we are living in the final feast, and I’m going to say that again we are living in the final feast. We are living in the final feast, the feast of ingathering, the feast where everything comes to a place of maturity of harvest. God says; “don’t pluck out the tares from the wheat; let them grow together until the end of the age”. In other words let them grow until the end of the Kairos. The Kairos is about to close that’s why there’s urgency in those that proclaim it. That’s why men will crisscross the world, the one runner runs to meet another to proclaim that the city has been taken and the king of Babylon has been taken. God wants networks being built, God wants relationships to come into right ordering, so that we can make a divine statement to Babylon, “Babylon is fallen, fallen is Babylon”. But we can’t make the statement without building it. Now you see the 2nd thing God enacts in the earth after God has proclaimed a new season, God says this is a new Kairos. The

heavens are opened over you, every factor for you to be productive, and for you to be successful is present. You don't need to ask for it, labour for it, if you are positioned in righteousness and justice according to the design of the son's standing in the Jordan, the heavens will open. Now I want to speak to the business people in here, God did not give you a business for yourself. If you see yourself as a kingdom citizen, your business belongs to Jesus Christ; otherwise you are a Christian having a business. He's not ruling you yet, if you stand in the domain of Christ, he rules over you then he becomes your king. Everything you possess belongs to Him, the house you have, the car you have, the wife you have and children are no longer yours but His, remember I taught you about when He comes into your life where you present everything to God, where the ownership passes from you into His. That you no longer have anything but He owns you. The reason that the church is in the mess is because men are still operating as individuals, disconnected, fragmented, disjointed from one another in the house of God, everybody doing his own thing. That's why we have the apostles in the earth, to bring the structure of things back together again, back to God's design. Prophets see the structure declares it to the apostles and they build it. You cannot throw new wine into old wine skins. The new wine is the resource that God opens up over a Kairos so that the church must engage, but the church can't engage the new wine and drink it if the church doesn't change its wine skin. What is the wine skin? The wine skin is not building new ornated buildings; you capture what God is saying or new forms of worship to be expressed in the house of God. It is not buying a better overhead projector or having our girls taken out in fashion and you know everyone wear hats. It's got nothing to do with the external arrangements of furniture of the church, but it is an internal rearrangement of everything that the heart and the mind can concoct.

The reformation move of God is the movement further deeper into the resources of your heart and your mind. That God can find expression on the deepest levels of our minds and our hearts. If you go study the reformations of the former kings like Asa, Josiah, Hezekiah, David then you will see Hezekiah will go into the most holy place, and would carry out the rubbish and the rubble out from the holy place into the outer court. What does that mean? Reformation is the movement first deeper into the resources of the mind and the heart to bring out all the rubbish of the previous move, that has been amassed in the heart & mind that shaped our paradigms to crush it and bring it out into open view and to burn it into the outer court. So God can establish within the deepest internal constitution of your heart a reconstituted mind and a heart that's reformation. Reformation is not first external activity, it is not first externally observable with the natural eyes, because God is doing something deep within your heart and mind.

Okay I'm way off my point...like I told you this morning I don't want to put a topics to what I say because God can take us anywhere. That's how I'm going to start talking in this congregation from now on, I'm not giving my message a title because we limit God to what He wants to say because we have to stick to our notes. But we need to capture something in the spirit this morning God, God is speaking to us, I want to bring your mindset into clarity. What is God saying? I want you to see and understand something and what I'm saying to you this morning is not something that comes from a position of pride or arrogance, God emphatically spoke to us as a people. And God separated us and set us apart for a specific task. And I will not allow anything to be said in this church or done in this congregation that is not going to lead us

in that direction. Anything that comes from the pulpit here must lead us into our prophetic purpose. You guys understand that? Otherwise we interact religion, we are not on par with God, we are doing our own stuff. I do not want to build anything that is not in the heart of God for us. There is a design for us we need to build that which makes us unique in God's structure of His Kingdom in another parts of His domain down the road. We are not building what they are building, we are in the same kingdom, but God has given us a design of what He wants out from this house. And that's what I will educate and equip you in, I will not take your minds here and there, I will take your minds in this direction. What does God want from us? Have you got that? I don't want us to be religious, that is why we have banished a lot of things from this house. God said to me "deregulate the house only have one service on a Sunday, and let the people rest on a Sunday night, wherever they want to go they can go. Two times in the month have home church; because we are building family, we want the families to come together. We want family life to be build up, husbands take care of your wives and talk to them, have walks on the beach. Build that thing I don't want you to be in church all the time, I want you to have church where you are. I want you to take church wherever you are, when you sit with your wife in the Spur, you are the church there. It is there where your light must shine, and the life of God must be manifested where you eat. There where you sleep God placed you in your placement in the kingdom, you don't desire to be fulltime anymore as a Pastor because you know and understand I'm full time where I'm working. That's where I'm full time, I'm the church that is going into the marketplace, there my life shines, I'm full time here. There's a change, listen there are people that God has handpicked to be fulltime. I tell my wife nearly every day, I say to her "I don't need to go through all the stuff I'm going through, I have got a career I can step back into what I have a studied at University. You guys understand that? But God has constrained me, God has called me into doing what I'm. The more I try to come out of the harness of God, He just pushes me a little bit more. I haven't asked for it, it was far from me, I was an old apostolic caught in religion and God hijacked me out of that state and brought me here now I have never asked for it in future, in fact I was the most scared person to talk to people. I couldn't speak to people. I would hide myself away from people. There are those individuals that are called, but your calling is where you work. You have been sown as a son of God into the field of God just where you are. Let your light so shine that man might see your good works and out of your good works they start to see, they start to glorify our Father who is in heaven.

You see we need to restructure the way we think about church, the church is not the building you go to or the meetings you attend or the activities you go to enact. But the church is you, you are the church. Say "I am the church" where I go I transport Christ, I am the light of the world and the salt of the earth, what more do you want? Light is encased within the building, salt is contained within a little jar. Salt needs to be sprinkled to become effective, where must you be sprinkled? In the context of your normal life outside the walls of this building, that's where you must sprinkle your life, the life of Christ. You become a fragrant aroma within the arena's where you touch men's lives. And your light must continually shine through your good works, How does your light shine? Your light must so shine before men, that they might see your good works. They must start identifying good works in your life, what will they do? They won't come & tell you hey we see this, but they will in their own minds walk away and say "wow" just by looking at you. This is the church we want to see first, this place here is just a lecture hall where you are further developed in your understanding, you are the church, that's what we are doing on

a Sunday here. This is crafting a mindset in you, creating new set of values within you, to understand that “I am the church”, wherever I am I must make a difference. See you can’t run away from your job God placed you there, your life must shine. You will be upset with certain people but it’s your Father, you will have those that curse you, swear at you, those that take you for nothing, but you’ll have to understand how to stand in the domain of men. Like a Daniel not coming to a place of having your life subverted by foreign values, but you don’t drink the king’s wine and eat his meat, you are not allowing yourself to be overtaken by the ideology of man and fallen religion. You are knowing how to stand in the systems of man, and you know how to override it for God. Not a church that disengages, we are not disengaging the crisis in the earth. That’s where God would sow us in these last days, in the very crisis that overtakes the earth, God would place us. Why? That we can truly become the salt and the light. Have you guys got it?

Okay your hands are in Micah I want to take you quickly, let us see. Jeremiah 29: very quickly...Does this makes sense? Do you want to have a nice little message that makes you feel good and gives you goose bumps? I’m past that, I’m not going to give you little goose bumps and a good message, we want to upset you, we want to cause you to go the scriptures seek God and see if what Shaun is saying is true! That’s a Berean attitude, you hear the word and validate against scripture what they heard. In other words you are becoming, increasingly responsible for what you are hearing, you going to become responsible in your hearing and not suck everything I say you go home and you validate what I say against scripture. Because Paul argued the points, persuasively reasoning with them, he’ll argue, preach & teach them, but he’ll bring a point across. So you are no longer just people just coming to a service that want to have flesh touched, falling over and laughing in the prayer line that will also happen but that is not the most important thing but understanding what church is about? Church is not first external then internal thing....??? What is the purpose for the rebuild temple? When we are talking about the temple what are we talking about? Common brethren what are we talking about? Michael? Are we talking about some temple there in Israel? Forget about natural Israel God will not return there ever again. Please let me obliterate that Judaism that is still in your minds. God will never have another temple in earthly physical Jerusalem, forget about that eternally I want to wipe it out of your minds. 8070 was the ruthless disruption and the breaking down of the Jewish system once & for all. Jesus prophesied it in Matthew 24:2 & Luke 21:6 “there will be no stone left until in the temple mouth a foreign army will come & destroy everything, 70AD some of them old Jews came ...???and God made a divine order to desecrate it forever, obsolete the temple curtains have been torn into two. The veil is now torn once and for all not just one high priest can go in now, “I constitute you all priests”, we can now all go there 24 hours into the most high place. The old Jewish order is separated, obliterated we can no longer return to it. Now God turned law into grace, obsolete one order God instituting a new covenant rectified in His own blood not the blood of animals, goats in the ashes of heifer sprinkled on those unholy and ceremonially unclean that constitutes ..???.And now one sacrifice, the blood of Jesus the eternal lamb of God, once for all given that’s the temple order we are coming into. You are not coming into a physical temple made with human hands, God will not return what an abomination to the blood of Jesus, to the cross of Christ. To say we are going back to a Jewish system of belief, we are not going into that we are coming out of that.

We are not knowing Him anymore after the flesh, we are knowing Him in the Spirit. We are not

knowing just the resurrected Christ, just knowing the ascended Christ, knowing the King of Kings and the one that is enthroned above the circle of the earth. We are knowing the spiritual Christ, not the Jew that used to live 2000 years ago, I'm not talking about Jesus of Nazareth, I'm talking about the Christ, the one that is ever been, the incarnated logos, that came into human flesh. Incarnated everything God is into human structure of life, whenever you plant a seed, the constitution of the new that comes up is different from what has been planted. Is that true? Take any seed today and plant it in your soil and test it, what comes up is different in constitution from the one that you put in. Is that true? Now Jesus was planted the one seed, his constitution was changed from the physical humanity in His death and when he resurrected He was a total different species He could walk through walls He had a body that was empty of blood, had bones and flesh. They could touch Him, Thomas was unbelieving, they said "Thomas, as a Spirit God, what flesh and bone?" I don't want go there, I'm going to mess your mind up!

Because we need to redefine the word heaven, and where it is? We don't want to get entranced by the streets of Gold that is not the ultimate culmination of our salvation. He didn't die for you just you can walk on streets of gold, If that is your aim to see heaven and the streets of gold, then that is beneath what He died for.

I want to answer the question what did Jesus died for? What is this temple, we are the temple? Paul says the anti-Christ will set himself up in the temple of God, showing himself to be God, where is the temple? Is it somewhere in Israel? That dimension will erect itself in the house of God. If you are not discerning enough you will not be able to detect the operations of the lawless one. The spirit of lawlessness has been at work but man couldn't comprehend it. It's like you have a telescope to look at something distant but your range is only a thousand metres, and you cannot pick up anything beyond the 1000 metres. You look at it but you only see a blur going on, you can't detect it, that's how lawlessness operates in the house of God. It is clothed in human flesh but it is actually the design of satan in human flesh parading itself to be God. I know of those schemes also.

Guys why are you looking at me so funny? Now you won't like me because I like to speak the truth. I'd rather speak the truth than to lose you as my friend and gain Christ, that's me. Even if God reduces us to half of our size because of truth, I will stick with the truth. I will not side with the flesh against truth, that's Shaun Blignaut. That's why men of God don't like me, I know you frown but I need to say that because I will say Pastor you are wrong & you can tell me I'm wrong, and still love one another because we are mature. Don't move in offense because the bible says "you will know the truth and the truth will set you free" John 8:32, and the original Greek says the truth you apply will set you free. The truth does not just set you free, you must apply it, you must make it applicable in your life, not holding to a religious structure of truth and not living it then you are a Pharisee. Don't say and don't do, hold on to religion and hold on to all the tapes, videos and cassettes that apostles and prophets have produced in conferences and schools and we don't live it. That's my problem I've got we can go to all the schools & conferences (now Jacyntha I'm not talking about you I know you are going to go to the school right), I'm just making a statement. We can have conference after conference, I have seen people going to conferences and they never change, and you know what it is also evident in this house that people engage in coming ministry (visiting apostles) but then they stay away. I need

to talk these things, I see it with my eyes all the time, they come to get the “nice stuff”, and when these men of God are gone and they are also gone. They have never been attached to the house, they are occasional visitors to the house, I also watch them and I note them. I’m a person of very acute observation; I know exactly what’s going on in this house because God informs me. You see it’s useless we having a conference on a Sunday night and have all the “niceties” and come next Sunday morning we are tired nobody stands at the door nor has a radiant splendour, making ourselves ready for men coming, Thamo is a man but Christ is always here, that’s the hurt that God is inflicted with because we are lifting up human flesh more than him. I’m not saying there is something wrong with Thamo, he was doing excellently in what God has called him to do, but my concern is that when God’s people the house is full when visiting preachers are here, but when they are gone they are also gone. I’ve got a problem with that stuff...Guys understand that? That is why sometimes I feel why must we have a conference? We are manufacturing what we are not living at all, when the conference is there we are all acting ???? And praise God for those who are doing it consistently! But there are those that are parading themselves, when the man of God is gone they are also gone. They are not attached to the house, they are doing their own stuff. I watch them also very carefully, they will never have anything to say from this pulpit as long as I’m alive you will not say anything from this pulpit, you are not going to operate from this congregation from your gift anymore but out of your sonship. No stepping into sonship you’ve got nothing to say. Like it or not that’s where we are going to! Brethren this is it! That’s where the rubber meets the road! Where God cuts us to size, have you stepped into sonship yet? No, I cannot see you as such, well you are not relating to me at that level. That level something I carry that you deny. We need to talk about that also, and I declared it on Sunday there sits my father (referring to Ps Thamo Naidoo). If you haven’t proclaimed it ...whatever I proclaim I do, I tithe I give first fruit, my tithe doesn’t come into this house, it goes to Thamo, he’s a place I know God has called my spiritual father. In fact we are on the same level as brothers but I see something inside of him that I’m connecting to. You guys understand that this is the Kairos now...you see we talked about Kairos. Now there are certain constituted events that makes up the Kairos, that determines the nature and the culture of the Kairos. Now one of the things that make up the Kairos, one of the constituted events of this Kairos is father and sons. That’s one of the events and there must be a church in the earth that enacts everything that the Kairos dictates. And if God does not find a people in our generation enacting it, God looks outside of our generation for a new generation that can produce it in the earth. That’s why time in the chronology of man is going on as the Kairos stretches itself along the path of the chronology and there are people that are not fulfilling the Kairos mandate for that time. Chronos is moving as the Kairos is not been perfected, so God can’t put us out of this Kairos into a new Kairos simply because the timing in the earth is going by, we are getting grey and old some people die and yet the purpose of God is not fulfilled in that Kairos that was dictated by God. We die and the whole generation dies and God looks at another new generation to enact a new Kairos. That is why He says “behold when I come I come quickly”, He’ll always be on time because He doesn’t move in the chronology of time, he waits for the Kairos to come to fulfilment then He comes. You guys understand? This is the way God thinks...that’s why there must be a people in the earth that take it...that steps out of comfort zone embracing the Kairos. And say God we embrace everything that you say to fulfil it, to purposely manifest it by productive acts in the earth.

We want to complete it like Jesus says, “my food is DO the WILL of He who send me and to

FINISH the mandate” In the fullness of time Jesus was born of a woman, God waited for the Kairos moment perfectly before He was born revealed, shown. And when His Kairos came, nearly 30 years of merely doing absolutely nothing, the bible says that Jesus while being in the flesh, when His days of life in the flesh with loud cries and tears pray unto His Father and was heard because of His reverend submission. He was made perfect by His obedience, He became obedient by the things He suffered. And when his obedience was complete He stepped into the Jordan and the last thing that John the Baptist asked Him was “You need to baptise me”, and he said to John “No it not be so that all righteousness...???”In other words the word righteousness simply means I need to come into divine compliance to everything my Father holds dear in His heart. I need to step as a human being to the divine compliancy of my Father to fulfil everything that is in His heart that He dictates. Now you baptise me, and that baptism was symbolic of death, burial and resurrection that He later was going to step into. But it was out of that obedience even to the death on the cross making Himself of no reputation, took upon Him the form of a servant becoming lower than a servant, becoming lower than a man, humbling Himself, emptying Himself, He made Himself of no reputation, humbling Himself to become a man and the death of the cross therefore God highly exalted Him, giving Him a name that is above every other name. That at the name of Jesus every knee shall bow every tongue confess that Jesus is Lord to the glory of God the Father. This same Jesus you have crucified God the Father made Him both Lord and Christ, the lowly Nazarene that came into the perfect state of obedience before the Father, but the bible is careful to say that He became obedient to the things He suffered. He became obedient it was not instantaneous obedience, that the son of man acquired. It was coming into the state of obedience, the word obedience “gilomi, that word means to a process of birth and maturity. It means unfolding obedience occurring, something emerging inside of Him, it was not an overnight obedience, he became obedient, it was through His acts of righteousness tapping into the obedience of the faith unto His Father until He became fully compliant with the heavenly design and the heavenly mandate and the Father then said when He came out of the water and fulfilled the typology of the water baptism that speaks of death, burial and resurrection. The Holy Ghost sealed His obedience and righteous declarations and He came upon Him, separated Him and set Him apart above His companions and then the Fathers’ voice was ignited “This is my beloved son, in whom I’m well pleased”, and only then His ministry started then the bible says as He came out of the water He was led by the Holy Spirit into the wilderness to be tested by the devil.

Then His ministry never started yet, He had to undergo further interrogation by the force that is against Him from eternity. And He had to overcome by only one means; He had to know how to use the word of God. And the devil came and said if you are the son of God turn this stones into bread! And He said “it is written man shall leave by bread alone but by every word that proceeds from the mouth of God he was then saying to the enemy man shall not live physically in bios life and eternally in Zoe life but by the eternal proceeding word from the mouth of God. As that man takes that word and erects it in his heart and start to speak it, he will overcome the enemies of his soul. And only when the Son of God overcame everything that the devil threw at Him just using the word. When He passed He was led by the same Spirit in the power of the same Spirit out of the wilderness and when He came in touch with the first human He said, “Repent for the Kingdom is at hand”. He never ministered a salvation message, instead the Kingdom message. Sons only minister the Kingdom, what does the Kingdom mean? Stepping into Kingdom

compliance simply mean, God makes you want to go run for Him, in these last days. Not everybody will have this put upon them, nor travel the nations, not everybody will go to the jurisdiction of the earth but those that come into divine compliance. compliants of what? The righteous requirements of a holy God. That's what God is busy doing. There are others on a pleasure cruise, the ships of their local churches coming every Sunday to sit in their pleasure boats taking them nowhere. And there are those in little "dingies", blown up little dingy boats, doesn't look too nice to the natural eye, but they are the green berets of God. They are in that secret missions to blow out the devil out of the waters, they are running from nation to nation trying to declare the purpose of God. To bring the entire body into an understanding of what God's design is, the ultimate purpose of the temple of God to be reconstituted is that the glory of God will return to the temple. Oh how the glory has departed "Ichabod" written over the house of God. And for most times we misunderstand the meaning of the word glory, because we think its some charismatic external manifestation on our flesh, because we've been so misdirected, mis-schooled by men of lowly hearts and minds who are not really sold out to the will of God. That entrench certain values into the minds of the saints leading them astray, blind leading the blind lling into ditches. Because they are not willing to upgrade themselves even though the clarion call of God has come so many times in our city and to cities of this nation. They have heard the voice of God but they are hardening their hearts, like in the day in the wilderness. God says "you will not enter the land of promise until you can count it all obsolete because the Holy Ghost has been signifying that until the first tabernacle that is still standing has been obliterated". The pathway into the new will not be disclosed, final discloser will not happen to anybody that have the first tabernacle still standing. If you are still struggling with your flesh, you are still struggling with????
